Parents as Partners in the IEP Process

FREE Workshop

Tuesday, August 19, 2014

6:00 PM - 7:45 PM

Location: Desert Hills High School

Lecture Hall B, 828 E. Desert Hills Drive
St. George, UT 84790

Have you ever asked yourself?

- How can I give suggestions to the school about my child's program?
- What can I do if I don't agree with the school?
- Where can I go for help with my child's IEP?

Parents are important members of the IEP team. They can and want to be effective partners with other members of the team in developing and delivering special education programs for their student with disabilities. However, they often lack information. This workshop will help parents understand their role, rights and responsibilities in the IEP process. They will learn how to effectively prepare for, participate in and follow-up on IEP meetings held on behalf of their student. Information will be presented by trainers who are parents of children with disabilities.

Pre-registration for this event is requested.

If you have questions or would like to register for this event, please call the Utah Parent Center at 1-800-468-1160 or, register online at: <http://conta.cc/1meyR43>.
