

ABOVE AND BEYOND WITH DR. PETER GERHARDT

Transition to Adult Life Training for Professionals and Parents

Dr. Gerhardt's mission is to improve an individual's outcome through confidence, dignity, and quality life. Be prepared to learn how to help your student/child go **Above and Beyond** in the transition process. Start transition planning for your student or child as early as age 12.

Dr. Gerhardt shares his knowledge through humor and by using the techniques in Applied Behavioral Analysis to work with youth to become employable, functional, and successful adults. These techniques work with a wide range of abilities from high-functioning to low-functioning or those who have significant behavioral concerns.

Still want to know if this training is for you? You can preview Dr. Gerhardt by viewing him in action at <https://utahparentcenter.org/above-and-beyond/> **Our full day training will provide more in-depth, hands-on skills for both professionals and parents!**

Register Today! Registration closes Friday, February 22, 2019!
