WHAT TO EXPECT

coming to a UPC Covid-19 vaccine clinic

We attended the vaccination clinic last night and it was amazing. It was the best experience we have ever had getting vaccines... no tears, very little complaining. The staff was amazing and the distractions were plentiful. It was all super easy and efficient. Thank you for helping to make a very difficult thing so much easier! And thank you for all that you do!

-An attendee of the October clinic

About The Utah Parent Center:

The mission of the Utah Parent Center (UPC or Center) is to help parents help their children, youth and young adults with **all** disabilities to live included, productive lives as members of the community.
