

## We're Here to Help Students with Disabilities Achieve Employment and Independence!

**Vocational Rehabilitation (VR)** helps students with disabilities move from high school to adulthood and employment.

**We help students** with disabilities get ready for, find, and keep jobs. We provide activities and services customized to their needs.

**A VR counselor can help support you** in your Career and Technical Education (CTE) Career Pathway. Checkout more information about CTE on the backside of this flyer.

Student Transition Services

**It's up to you and your team  
to start the process.**

**VR is here to help when you  
are ready!**

### Where do students start?

**ATTEND** an orientation online or through a local VR office. Watch the Student Transition Services video to learn more.

**APPLY** by completing an application and scheduling an appointment for an initial interview to determine eligibility.

**BECOME ELIGIBLE** for VR services. If eligible, talk to your VR counselor about your goals and needed supports.

**EXPLORE** careers to match strengths, abilities and interests.

**PARTICIPATE** in Pre-Employment Transition Services (Pre-ETS). Scan the QR code and select Pre-Employment Transition Services.

**STAY CONNECTED** with your VR counselor. Your VR counselor is your advocate to help you reach your goals!

**Questions? Contact [vrtransition@utah.gov](mailto:vrtransition@utah.gov)**

### When should I start the VR process?

You can apply for VR services starting at age 14. VR can provide you with support during high school and as you transition to employment. It's a good idea to apply early to start the process before you approach graduation.

# Career and Technical Education

**Students,** do you want skills for high-wage and in-demand careers?

**Career and Technical Education (CTE)** prepares students for a successful career by offering Career Pathways that lead to college credits and industry certifications.

**CTE Career Pathways** show a direct connection between doing well in high school and being able to transition smoothly to higher education and/or obtaining a high-wage and in-demand career.

Scan to explore CTE Career Pathways

Talk to your school counselor about the CTE courses offered at your school.

## Students enrolled in CTE:

**RECEIVE** academic skills along with technical skills and hands-on experience within 34 Career Pathways.

**PARTICIPATE** in training through internship and apprenticeship opportunities.

**SAVE TIME AND MONEY** by earning college credit towards higher education.

**PREPARE** for a successful career after high school and/or higher education (technical school, two-year college, or four-year college.)

**MAY JOIN** a Career and Technical Student Organization (CTSO).

Utah CTE Career Pathways are organized into 13 Career Clusters and each Career Pathway culminates in an industry-recognized credential of value.

CTE CAREER CLUSTERS EXAMPLES	SAMPLE OCCUPATIONS
Arts, Audio/Visual Technology & Communications	audio or broadcast technician, graphic or web designer
Business, Finance & Marketing	desktop publisher, web developer
Health Science	certified nurse assist. (CNA), emergency medical technical (EMT)
Manufacturing	machine tool technician, welder
Transportation, Distribution & Logistics	automotive or diesel technician

Utah CTE classes are open to all qualified students without regard to race, color, national origin, sex, disability, or age.
